2021 Physical Therapist Assistant Education Programs Fact Sheets

This fact sheet is designed to provide the education community with current and historical information about physical therapist education programs, students, and faculty. The data included in this fact sheet is taken from the following sources:

- 2021 Annual Accreditation Report submitted Nov. 15, 2021, by accredited and developing programs.
- 2020, 2019, 2018, 2017, 2016, 2015, 2014, and 2012 annual Accreditation Reports.
- 2008, 2006, 2004, 2002 biennial Accreditation Reports.
- Previous surveys of the PTA educational programs conducted by the Education Division.
- Department of Accreditation records.
- Licensure pass rate information provided by FSBPT April 2006, April 2007, March 2011, April 2012, April 2014, April 2015, April 2016, April 2017, December 2017, December 2018, December 2019, and December 2021.

Unless otherwise indicated, the data reflects accredited and developing physical therapist assistant education programs in the United States for the academic year 2020-21. All uses of this data should reference the Commission on Accreditation in Physical Therapy Education as the source of the data and acknowledge that CAPTE bears no responsibility for interpretations presented or conclusions reached based on analysis of the data.

Glossary

Faculty: All faculty including core and associated.

Associated faculty: Individuals who have classroom and/or laboratory teaching responsibilities in the curriculum and who are not core faculty or clinical education faculty. Associated faculty may include individuals with full-time appointments in the unit in which the professional program resides, but who have primary responsibilities in programs other than the professional program.

Core faculty: Individuals appointed to and employed primarily in the program, including the program director, the director of clinical education, and other faculty who report to the program director. If not appointed to and employed primarily in the DPT program, the majority of the individual's work at the institution must involve the DPT program. Core faculty have the responsibility and authority to establish academic regulations and to design, implement, and evaluate the curriculum. Core faculty include physical therapists and may include others with expertise to meet specific curricular needs. Core faculty may hold tenured, tenure track, or non-tenured track positions. Core faculty typically have full-time appointments, although some part-time faculty members may be included among the core faculty.

Other faculty: Core faculty excluding program directors and clinical education coordinators (directors of clinical education and academic coordinators of clinical education).
