

**Commission on Accreditation in Physical Therapy Education
American Physical Therapy Association**

SUMMARY OF ACTION

Doctor of Physical Therapy Program
Campbell University
PO Box 1090
205 Day Dorm Road
Buies Creek, NC 27506

On November 9, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the Doctor of Physical Therapy Program education program at Campbell University.

Status:	ACCREDITATION
Action Taken:	Grant Accreditation
Effective Date:	November 9, 2016
Information Used to Make Decisions:	Self-study Report received 5/9/2016 Visit Report with Institution Response received 8/31/2016 Comments from the Program Director Comments from the Team Leader Additional Materials received 10/6/16 regarding clinical education information for the charter class Additional material requested by CAPTE received 10/27/2016

Reason for Decision: The Commission based its decision to grant accreditation status for a period of five years on the program's general compliance with the intent of the Standards and Required Elements and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the required elements. The program is asked to provide additional information, in the form of a Compliance Report, regarding the following:

- Student achievement and expected graduate and program outcomes after graduation of charter class;
- Faculty scholarship;
- Blend of core faculty;
- Sufficient numbers of core faculty; and
- Sufficient secretarial/administrative support.

The program is accredited during this period to implement the program described in the Self-study Report, especially as it relates to enrollment and resource levels consistent with the admission of one cohort of students annually unless and until the program seeks approval of substantive change(s).

Graduate Performance: Because the program has not yet graduated its first class, the Commission is unable to comment at this time on student achievement.

Next Activity: Compliance Reports due February 15, 2017 and August 15, 2017

NOTICES

SCOPE OF COMMISSION REVIEW

Independent of any long term plans described, or alluded to, by the program in its Self-study Report, the scope of the Commission's review at the time of this decision to grant initial Accreditation was based on actual and verified resources and related considerations, and not on planned or projected program resource levels to address future program changes (e.g., expansion and other program offerings, the number of cohorts admitted annually, etc.). The program is limited to enrolling one cohort annually and to limiting enrollment growth to under 10% of CAPTE set class size. Enrollment growth beyond these limits is a substantive change that requires pre-approval by CAPTE. (See Part 9 of the CAPTE Rules of Practice and Procedure.)

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program MUST use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program's accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: <http://www.capteonline.org>.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

REQUIRED USE OF "ACCREDITED BY CAPTE" LOGO

Accredited programs are required to include the "Accredited by CAPTE" logo supplied by the Accreditation staff on the program home page or where the program's accreditation information can be found to indicate that CAPTE has accredited the program. If the logo is not on the program's home page, there needs to be easy access to the logo from the program's home page. **Programs are expected to contact the Accreditation staff to obtain instructions for adding the logo to the webpage.** The logo may also be used on other institutional web pages where the program's accreditation status is described. The supplied logo will be protected from use by anyone other than approved users. It may NOT be used, however, on any webpage where its use could imply that CAPTE accredits programs that are not subject to CAPTE accreditation (e.g., post-professional degree programs, residency or fellowships) unless there is clear language that indicates those programs are NOT accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good

faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.**

- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. SUMMARY OF ACTION

Physical Therapist Assistant Program
South University - High Point
3975 Premier Drive
High Point, NC 27265

On November 9, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the Physical Therapist Assistant Program education program at South University - High Point.

Status:	ACCREDITATION
Action Taken:	Grant Accreditation
Effective Date:	November 9, 2016
Information Used to Make Decisions:	Self-study Report received May 31, 2016 Visit Report with Institution Response received September 15, 2016 Comments from the Program Director Comments from the Team Leader Additional materials provided September 15, 2016, including Clinical Education Data for Charter Class.

Reason for Decision: The Commission based its decision to grant accreditation status [for a period of five years] on the program's general compliance with the intent of the Standards and Required Elements and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the required elements. The program is asked to provide additional information, in the form of a Compliance Report, regarding the following:

- Graduation rates
- Licensure pass rates
- Employment rates
- Entry level clinical performance
- Graduate outcomes
- Program outcomes
- Faculty evaluation and development
- Curricular content
- Confidential meetings and phone calls

The program is accredited during this period to implement the program described in the Self-study Report, especially as it relates to enrollment and resource levels consistent with the admission of one cohort of students annually unless and until the program seeks approval of substantive change(s).

Graduate Performance: Because the program has not yet graduated its first class, the Commission is unable to comment at this time on student achievement.

Next Activity: Compliance Reports due February 15, 2017 and August 15, 2017

NOTICES

SCOPE OF COMMISSION REVIEW

Independent of any long term plans described, or alluded to, by the program in its Self-study Report, the scope of the Commission's review at the time of this decision to grant initial Accreditation was based on actual and verified resources and related considerations, and not on planned or projected program resource levels to address future program changes (e.g., expansion and other program offerings, the number of cohorts admitted annually, etc.). The program is limited to enrolling one cohort annually and to limiting enrollment growth to under 10% of CAPTE set class size. Enrollment growth beyond these limits is a substantive change that requires pre-approval by CAPTE. (See Part 9 of the CAPTE Rules of Practice and Procedure.)

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program MUST use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program's accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: <http://www.capteonline.org>.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

REQUIRED USE OF "ACCREDITED BY CAPTE" LOGO

Accredited programs are required to include the "Accredited by CAPTE" logo supplied by the Accreditation staff on the program home page or where the program's accreditation information can be found to indicate that CAPTE has accredited the program. If the logo is not on the program's home page, there needs to be easy access to the logo from the program's home page. **Programs are expected to contact the Accreditation staff to obtain instructions for adding the logo to the webpage.** The logo may also be used on other institutional web pages where the program's accreditation status is described. The supplied logo will be protected from use by anyone other than approved users. It may NOT be used, however, on any webpage where its use could imply that CAPTE accredits programs that are not subject to CAPTE accreditation (e.g., post-professional degree programs, residency or fellowships) unless there is clear language that indicates those programs are NOT accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program's accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: <http://www.capteonline.org>.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**

- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. On November 9, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist assistant education program at Dixie State University.

Status: ACCREDITATION

Action Taken: Reaffirm Accreditation

Effective Date: November 9, 2016

Information Used to Make Decisions: Self-study Report received June 28, 2016
 Visit Report with Institution Response received October 15, 2016

Reason for Decision: The Commission's decision to reaffirm accreditation status is based on the program's general compliance with the intent of the Standards and Required Elements and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the Standards and Required Elements. The program is asked to provide additional information, in the form of a Compliance Report, regarding the following:

- Evaluation of associated faculty
- Length of program
- Entry-level performance of students
- Program assessment
- Faculty development linked to assessment
- Curriculum assessment
- Course objectives and learning experiences

Graduate Performance: The Commission notes the following:

- 1) The program is graduating competent and safe physical therapist assistants able to work under the supervision of a physical therapist.
- 2) The performance of the program graduates, as reported by the program in the 2015 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.)

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program's accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: <http://www.capteonline.org>.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**

Commission on Accreditation in Physical Therapy Education
American Physical Therapy Association
SUMMARY OF ACTION

PT Program at Goodyear, AZ
 Franklin Pierce University-AZ
 14455 West Van Buren Street, Suite 100
 Goodyear, AZ 85338

On November 9, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist education program at Franklin Pierce University-AZ.

Status: ACCREDITATION

Action Taken: Reaffirm Accreditation

Effective Date: November 9, 2016

Information Used to Make Decisions: Self-study Report received 6/13/2016
 Visit Report with Institution Response received 9/28/2016
 Comments from the Program Director
 Comments from the Team Leader

Reason for Decision: The Commission's decision to reaffirm accreditation status is based on the program's general compliance with the intent of the Standards and Required Elements and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the required elements. The program is asked to provide additional information, in the form of a Compliance Report, regarding the following:

- core faculty,
- curriculum assessment,
- workload policies,
- faculty evaluation,
- distance education,
- clinical education,
- secretarial/administrative and technical support services, and
- technology resources

Graduate Performance: The Commission notes the following:

- 1) The program is meeting its mission as evidenced by outcome data that supports graduates being competent practitioners.
- 2) The performance of the program graduates, as reported by the program in the 2014 and 2015 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.)

Student Achievement	Program Graduates
Graduation Rate for students graduating in 2012, 2013	94.3%
Licensure Examination Pass Rate- ultimate Pass rate for students graduating in 2014, 2015*	100%
Employment Rate for students graduating in 2013, 2014	100%

*Reported by the Federation of State Boards of Physical Therapy; data current as of October 1, 2016

Next Activity: Compliance Report due February 15, 2017

NOTICES

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program's accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: <http://www.capteonline.org>.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**

Reason for Decision: The Commission's decision to reaffirm accreditation status is based on the program's general compliance with the intent of the Standards and Required Elements and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the required elements. The program is asked to provide additional information, in the form of a Compliance Report, regarding the following:

- Assessment of expected outcomes,
- Program and curriculum assessment,
- Assessment of associated faculty, and
- Curricular content.

Graduate Performance: The Commission notes the following:

- 1) The program is meeting its mission as evidenced by student and graduate achievement.
- 2) The performance of the program graduates, as reported by the program in the 2014 and 2015 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.)

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program's accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: <http://www.capteonline.org>.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**

Commission on Accreditation in Physical Therapy Education

American Physical Therapy Association

SUMMARY OF ACTION

Physical Therapist Assistant Program

Keiser University - Sarasota

6151 Lake Osprey Drive

Sarasota, FL 34202

On November 9, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist assistant education program at Keiser University - Sarasota.

Status: ACCREDITATION

Action Taken: Reaffirm Accreditation

Effective Date: November 9, 2016

Information Used to Make Decisions: Self-study Report received June 14, 2016
Visit Report with Institution Response received September 27, 2016
Conversations with Program Director and Team Leader

Reason for Decision: The Commission's decision to reaffirm accreditation status is based on the program's general compliance with the intent of the Standards and Required Elements and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the Standards and Required Elements. The Program is asked to provide additional information, in the form of a Compliance Report, regarding the following:

- Measurement of entry-level performance
- Program assessment
- Curriculum content and assessment
- Out-of-state clinical authorization
- ACCE qualifications and effectiveness
- Assuring students are safe and ready to progress to clinical education
- Course objectives
- Clinical education contracts

Graduate Performance: The Commission notes the following:

- 1) The program is meeting its mission as evidenced by preparing students who can work under the direction of the physical therapist as evidenced by its graduation and employment rates.
- 2) The performance of the program graduates, as reported by the program in the 2015 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.)

Student Achievement	Program graduates
Graduation Rate for students graduating in 2013, 2014	87.5%
Licensure Examination Pass Rate- ultimate Pass rate for students graduating in 2014, 2015*	87.6%
Employment Rate for students graduating in 2013, 2014	100%

*Reported by the Federation of State Boards of Physical Therapy; data current as of October 1, 2016

Next Activity: Compliance Report due February 15, 2017

NOTICES

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program's accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: <http://www.capteonline.org>.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**

CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**

Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. SUMMARY OF ACTION

Physical Therapist Assistant Program
The Pennsylvania State University Hazleton
Hazleton Campus
76 University Drive
Hazleton, PA 18202-8025

On November 9, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist assistant education program at The Pennsylvania State University Hazleton.

Status: ACCREDITATION

Action Taken: Reaffirm Accreditation

Effective Date: November 9, 2016

Information Used to Make Decisions: Self-study Report received April 22, 2016
Visit Report with Institution Response received August 25, 2016

Reason for Decision: The Commission's decision to reaffirm accreditation status is based on the program's general compliance with the intent of the Standards and Required Elements and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the Standards and Required Elements. The Program is asked to provide additional information, in the form of a Compliance Report, regarding the following:

- Licensure pass rate

Graduate Performance: The Commission notes the following:

- 1) The program is meeting its mission as evidenced by program graduating competent entry level PTA's for the healthcare community.
- 2) The performance of the program graduates, as reported by the program in the 2015 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.)

Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all

recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**

SUMMARY OF ACTION

Graduate Program in Physical Therapy & Rehab Science
The University of Iowa
1-254 Medical Education Building
Iowa City, IA 52242-1190

On November 9, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist education program at The University of Iowa.

Status: ACCREDITATION
Action Taken: Reaffirm Accreditation
Effective Date: November 9, 2016
Information Used to Make Decisions: Self-study Report received 2/24/2016
Visit Report with Institution Response received 5/18/2016
Comments from the Program Director
Comments from the Team Leader

Reason for Decision: The Commission's decision to reaffirm accreditation status is based on the program's general compliance with the intent of the Standards and Required Elements and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the required elements. The program is asked to provide additional information, in the form of a Compliance Report, regarding the following:

- Faculty scholarship

Graduate Performance: The Commission notes the following:

- 1) The program is meeting its mission as evidenced by outcome data that suggests graduates are professional, critical thinkers, good communicators, and leaders in their profession and community.
- 2) The performance of the program graduates, as reported by the program in the 2014 and 2015 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.)

Student Achievement	Program Graduates
Graduation Rate for students graduating in 2012, 2013	98.6%
Licensure Examination Pass Rate- ultimate Pass rate for students graduating in 2014, 2015*	100%
Employment Rate for students graduating in 2013, 2014	100%

*Reported by the Federation of State Boards of Physical Therapy; data current as of October 1, 2016

Next Activity: Compliance Report due February 15, 2017

NOTICES

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program's accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: <http://www.capteonline.org>.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reason for Decision: The Commission's decision to reaffirm accreditation status is based on the program's general compliance with the intent of the Standards and Required Elements and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the required elements. The program is asked to provide additional information, in the form of a Compliance Report, regarding the following:

- Outcome data related to graduates meeting expected outcomes,
- Written policy for handling complaints that fall outside of due process, and
- Core faculty.

Graduate Performance: The Commission notes the following:

- 1) The program is meeting its mission as evidenced by producing graduates who demonstrate excellence in movement sciences, professionalism and critical thinking, and who use evidence as part of their practice.
- 2) The performance of the program graduates, as reported by the program in the 2014 and 2015 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.)

Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE's recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**

CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a "good faith effort" as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program's responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program's progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency's street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE's *Rules of Practice and Procedure* (<http://www.capteonline.org/AccreditationHandbook/>). **It is the program's responsibility to be familiar with these expectations and to provide notification of program changes as required.**
