On November 11, 2015, the Commission on Accreditation in Physical Therapy Education made the decision to Deny Candidacy regarding the physical therapist education program at Bryant & Stratton College - Parma. On May 4, 2016, the institution requested that the decision be reconsidered and the request was granted.

A Reconsideration Hearing was held at APTA Headquarters on Thursday, April 28, 2016. The following decision was made subsequent to the hearing:

**Action Taken:** Reverse the Previous Decision; GRANT CANDIDATE FOR ACCREDITATION

**Effective Date:** May 4, 2016

**Information Used to Make Decisions:**
- Reconsideration Hearing conducted April 28, 2016
- Interviews with Institution and Program Representatives
- Additional Materials Provided On Site during the Candidacy Visit
- Reconsideration Support Statement received 03/18/2016
- Candidacy Visit Report with Institution Response received 09/08/2015
- Application for Candidacy received 06/01/2015

**Reason for Decision:** The Commission's decision to grant Candidate for Accreditation status is based on the program's demonstration of satisfactory progress, to date, toward achieving compliance with the Standards and Required Elements. The Commission's decision was also based on the belief that the program will bring the areas of deficiency noted in the Summary of Action into compliance. That compliance, as well as compliance with all of the Standards and Required Elements, must be appropriately documented in the Self-study Report.

Candidate for Accreditation status has been granted based on the program represented in the Application for Candidacy. Specifically, the decision was made in light of the following information:

- One cohort of students per year (per §7.3(b) of CAPTE’s *Rules of Practice and Procedure*, April 2015)
- Maximum Number of Students for each Cohort until eligible to seek approval of a substantive change: 12
- Intended Matriculation Date: TBD

Therefore, it is expected that the program will be implemented as guided through this Summary of Action and that no substantive changes will be made. This includes no changes in original cohort size and that only one cohort will be admitted per year until the program is
eligible to seek approval of substantive changes.

Next Activity: Self-study Report and On-site Review TBD

Accreditation Decision: TBD

SCOPE OF COMMISSION REVIEW
Independent of any long term plans described, or alluded to, by the program in its Application for Candidacy, the scope of the Commission’s review at the time of this decision to grant candidacy was based on actual and verified resources and related considerations, and not on planned or projected program resource levels to address future program changes (e.g., expansion and other program offerings, the number of cohorts admitted annually, etc.). As agreed to when the Application for Candidacy was submitted, the program is limited to enrolling one cohort annually and to maintaining class size at the approved number for the original cohort. Candidate programs are not eligible for substantive changes requiring pre-approval as described in Part 9 of CAPTE Rules of Practice and Procedure.

RELATIONSHIP BETWEEN CANDIDACY AND ACCREDITATION
Achieving Candidate for Accreditation status does not assure the program will become accredited. The Commission’s decision to grant accreditation will be based on the program’s ability to demonstrate compliance with the standards and required elements. The lack of comment about a specific required element in this Summary of Action does not imply that the program is in compliance with that required element; it only means that satisfactory progress toward compliance has been achieved. Therefore, the step the program must make from demonstrating progress toward compliance with the specific elements addressed in the expectations for candidacy and demonstrating compliance with all of the elements for accreditation is a significant one with programs needing to demonstrate compliance at the time of consideration for accreditation.

REQUIRED STATEMENT DESCRIBING THE PROGRAM’S STATUS
The institution/program is expected to indicate on its website, in its publications, or in correspondence related to recruitment or admissions that Candidacy status has been granted, using the statement provided in §7.22 of CAPTE’s Rules.

Effective (insert date), (insert Name of Program/Institution) has been granted Candidate for Accreditation status by the Commission on Accreditation in Physical Therapy Education (1111 North Fairfax Street, Alexandria, VA, 22314; phone: 703-706-3245; email: accreditation@apta.org). Candidate for Accreditation is a pre-accreditation status of affiliation with the Commission on Accreditation in Physical Therapy Education that indicates the program is progressing toward accreditation and may matriculate students in technical/professional courses. Candidate for Accreditation is not an accreditation status nor does it assure eventual accreditation.

IMPLICATIONS OF SUMMER GRADUATION
If the program plans for the charter class to graduate in July, August or September, the program is required to include information regarding the implications of a summer graduation relative to the timing of graduation and the ability to sit for the licensure exam. The statement provided in §7.8(d)(vi) of CAPTE’s Rules is to be used for this purpose.

**Information Used to Make Decisions:**
- Application for Candidacy received 11/26/2015
- Candidacy Visit Report with Institution Response received 03/02/2016
- Comments from the Program Director
- Comments from the Candidacy Reviewer

**Reason for Decision:**
The Commission's decision to grant Candidate for Accreditation status is based on the program's demonstration of satisfactory progress, to date, toward achieving compliance with the evaluative criteria. The Commission's decision was also based on the belief that the program will bring the areas of deficiency noted in the Summary of Action into compliance. That compliance, as well as compliance with all of the evaluative criteria, must be appropriately documented in the Self-study Report.

Candidate for Accreditation status has been granted based on the program represented in the Application for Candidacy. Specifically, the decision was made in light of the following information:
- One cohort of students per year (per §7.3(b) of CAPTE’s Rules of Practice and Procedure, April 2015)
- Maximum Number of Students for each Cohort until eligible to seek approval of a substantive change: 15
- Intended Matriculation Date: August 2016

Therefore, it is expected that the program will be implemented as guided through this Summary of Action and that no substantive changes will be made. This includes no changes in original cohort size and that only one cohort will be admitted per year until the program is eligible to seek approval of substantive changes.

NOTICES

SCOPE OF COMMISSION REVIEW
Independent of any long term plans described, or alluded to, by the program in its Application for Candidacy, the scope of the Commission’s review at the time of this decision to grant candidacy was based on actual and verified resources and related considerations, and not on planned or projected program resource levels to address future program changes (e.g., expansion and other program offerings, the number of cohorts admitted annually, etc.). As agreed to when the Application for Candidacy was submitted, the program is limited to enrolling one cohort annually and to maintaining class size at the approved number for the original cohort. Candidate programs are not eligible for substantive changes requiring pre-approval as described in Part 9 of CAPTE Rules of Practice and Procedure.

RELATIONSHIP BETWEEN CANDIDACY AND ACCREDITATION
Achieving Candidate for Accreditation status does not assure the program will become accredited. The Commission’s decision to grant accreditation will be based on the program’s ability to demonstrate compliance with the standards and required elements. The lack of comment about a specific required element in this Summary of Action does not imply that the program is in compliance with that required element; it only means that satisfactory progress toward compliance has been achieved. Therefore, the step the program must make from demonstrating progress toward compliance with the specific elements addressed in the expectations for candidacy and demonstrating compliance with all of the elements for accreditation is a significant one with programs needing to demonstrate compliance at the time of consideration for accreditation.

REQUIRED STATEMENT DESCRIBING THE PROGRAM’S STATUS
The institution/program is expected to indicate on its website, in its publications, or in correspondence related to recruitment or admissions that Candidacy status has been granted, using the statement provided in §7.22 of CAPTE’s Rules:

Effective (insert date), (insert Name of Program/Institution) has been granted Candidate for Accreditation status by the Commission on Accreditation in Physical Therapy Education (1111 North Fairfax Street, Alexandria, VA, 22314; phone: 703-706-3245; email: accreditation@apta.org). Candidate for Accreditation is a pre-accreditation status of affiliation with the Commission on Accreditation in Physical Therapy Education that indicates that the program is progressing toward accreditation and may matriculate students in technical/professional courses. Candidate for Accreditation is not an accreditation status nor does it assure eventual accreditation.

IMPLICATIONS OF SUMMER GRADUATION
If the program plans for the charter class to graduate in July, August or September, the program is required to include information regarding the implications of a summer graduation relative to the timing of graduation and the ability to sit for the licensure exam. The statement provided in §7.8(g) of CAPTE’s Rules is to be used for this purpose:
IMPLICATIONS OF [JULY/AUGUST/SEPTEMBER] GRADUATION
The developing [physical therapy/physical therapist assistant] program at [Institution] is planning for a charter class graduation in [July/August/September], [year]. Initial accreditation decisions are acted upon at the next regularly scheduled Fall Meeting of the Commission following the on-site visit, which must occur during the penultimate term when the charter class is enrolled. CAPTE will not make exceptions to its Rules to accommodate graduation dates that precede regularly scheduled CAPTE meeting dates, e.g., graduation in the summer. A summer graduation does not allow the initial accreditation decision to occur prior to the graduation date. The Federation of State Boards of Physical Therapy (FSBPT) sets the dates for licensing exams. The first sitting for which students with [an/a] [July/August/September] graduation date would be in January. Therefore, the timing of the planned graduation date increases the likelihood of a significant financial disadvantage for students due to an approximate six-month delay in possible employment as a [physical therapist or physical therapist assistant].

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

PUBLIC NOTICE OF REASONS FOR DECISIONS
Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

RESPONSIBILITY TO REPORT CHANGE(S)
The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur.
Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s *Rules of Practice and Procedure* ([http://www.capteonline.org/AccreditationHandbook/](http://www.capteonline.org/AccreditationHandbook/)). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.

On May 4, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist assistant education program at Cecil College.

**Status:** ACCREDITATION

**Action Taken:** Grant Accreditation

**Effective Date:** May 4, 2016

**Information Used to Make Decisions:**
- Self-study Report received 8/27/2015
- Visit Report with Institution Response received 1/11/2016
- Comments from the Program Director
- Comments from the Team Leader
- Additional Materials received 3/14/2016 regarding clinical education information for the charter class
- Additional Materials provided to CAPTE reviewer on 3/31/2016

**Reason for Decision:** The Commission based its decision to grant accreditation status [for a period of five years] on the program's general compliance with the intent of the Evaluative Criteria and on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the evaluative criteria. The program is asked to provide additional information, in the form of a Compliance Report, regarding the following:
  - Clinical education faculty assessment
  - Sufficient variety of clinical experiences
  - Program assessment

The program is accredited during this period to implement the program described in the Self-study Report, especially as it relates to enrollment and resource levels consistent with the admission of one cohort of students annually unless and until the program seeks approval of substantive change(s).

**Graduate Performance:** Because the program has not yet graduated its first class, the Commission is unable to comment at this time on student achievement.

**Next Activity:** Compliance Report due February 15, 2017

SCOPE OF COMMISSION REVIEW
Independent of any long term plans described, or alluded to, by the program in its Self-study Report, the scope of the Commission’s review at the time of this decision to grant initial Accreditation was based on actual and verified resources and related considerations, and not on planned or projected program resource levels to address future program changes (e.g., expansion and other program offerings, the number of cohorts admitted annually, etc.). The program is limited to enrolling one cohort annually and to limiting enrollment growth to under 10% annually of the original cohort size or 25% of the original cohort size over a 3-year period, as agreed to when the program entered the pre-accreditation process. Enrollment growth beyond these limits is a substantive change that requires pre-approval by CAPTE; the program is not eligible to apply for substantive changes requiring pre-approval until the program has been deemed in full compliance with the Standards and Required Elements. (See Part 9 of the CAPTE Rules of Practice and Procedure.)

REQUIRED STATEMENT OF ACCREDITATION STATUS
Once a program has been accredited, and for as long as it remains accredited, the program MUST use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

REQUIRED USE OF “ACCREDITED BY CAPTE” LOGO
Accredited programs are required to include the “Accredited by CAPTE” logo supplied by the Accreditation staff on the program home page to indicate that CAPTE has accredited the program. Programs are expected to contact the Accreditation staff to obtain instructions for adding the logo to the webpage. The logo may also be used on other institutional web pages where the program’s accreditation status is described. The supplied logo will be protected from use by anyone other than approved users. It may NOT be used, however, on any webpage where its use could imply that CAPTE accredits programs that are not subject to CAPTE accreditation (e.g., post-professional degree programs, residency or fellowships) unless there is clear language that indicates those programs are NOT accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE
CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any
required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.
RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s Rules of Practice and Procedure (http://www.capteonline.org/AccreditationHandbook/). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.

SCOPE OF COMMISSION REVIEW

Independent of any long term plans described, or alluded to, by the program in its Self-study Report, the scope of the Commission’s review at the time of this decision to grant initial Accreditation was based on actual and verified resources and related considerations, and not on planned or projected program resource levels to address future program changes (e.g., expansion and other program offerings, the number of cohorts admitted annually, etc.). The program is limited to enrolling one cohort annually and to limiting enrollment growth to under 10% annually of the original cohort size or 25% of the original cohort size over a 3-year period, as agreed to when the program entered the pre-accreditation process. Enrollment growth beyond these limits is a substantive change that requires pre-approval by CAPTE; the program is not eligible to apply for substantive changes requiring pre-approval until the program has been deemed in full compliance with the Standards and Required Elements. (See Part 9 of the CAPTE Rules of Practice and Procedure.)

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program MUST use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

REQUIRED USE OF “ACCREDITED BY CAPTE” LOGO

Accredited programs are required to include the “Accredited by CAPTE” logo supplied by the Accreditation staff on the program home page to indicate that CAPTE has accredited the program. Programs are expected to contact the Accreditation staff to obtain instructions for adding the logo to the webpage. The logo may also be used on other institutional web pages where the program’s accreditation status is described. The supplied logo will be protected from use by anyone other than approved users. It may NOT be used, however, on any webpage where its use could imply that CAPTE accredits programs that are not subject to CAPTE accreditation (e.g., post-professional degree programs, residency or fellowships) unless there is clear language that indicates those programs are NOT accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good...
faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:
(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS
Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)
The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s Rules of Practice and Procedure (http://www.capteonline.org/AccreditationHandbook/). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.

  - Sufficient number of core faculty,
  - Curriculum assessment, and
  - Program outcomes.

The program is accredited during this period to implement the program described in the Self-study Report, especially as it relates to enrollment and resource levels consistent with the admission of one cohort of students annually unless and until the program seeks approval of substantive change(s).

Graduate Performance: Because the program has not yet graduated its first class, the Commission is unable to comment at this time on student achievement.

Next Activity: Compliance Report due August 15, 2016 and February 15, 2017
NOTICES

SCOPE OF COMMISSION REVIEW
Independent of any long term plans described, or alluded to, by the program in its Self-study Report, the scope of the Commission’s review at the time of this decision to grant initial Accreditation was based on actual and verified resources and related considerations, and not on planned or projected program resource levels to address future program changes (e.g., expansion and other program offerings, the number of cohorts admitted annually, etc.). The program is limited to enrolling one cohort annually and to limiting enrollment growth to under 10% annually of the original cohort size or 25% of the original cohort size over a 3-year period, as agreed to when the program entered the pre-accreditation process. Enrollment growth beyond these limits is a substantive change that requires pre-approval by CAPTE; the program is not eligible to apply for substantive changes requiring pre-approval until the program has been deemed in full compliance with the Standards and Required Elements. (See Part 9 of the CAPTE Rules of Practice and Procedure.)

REQUIRED STATEMENT OF ACCREDITATION STATUS
Once a program has been accredited, and for as long as it remains accredited, the program MUST use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

REQUIRED USE OF “ACCREDITED BY CAPTE” LOGO
Accredited programs are required to include the “Accredited by CAPTE” logo supplied by the Accreditation staff on the program home page to indicate that CAPTE has accredited the program. Programs are expected to contact the Accreditation staff to obtain instructions for adding the logo to the webpage. The logo may also be used on other institutional web pages where the program’s accreditation status is described. The supplied logo will be protected from use by anyone other than approved users. It may NOT be used, however, on any webpage where its use could imply that CAPTE accredits programs that are not subject to CAPTE accreditation (e.g., post-professional degree programs, residency or fellowships) unless there is clear language that indicates those programs are NOT accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE
CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good
faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS
Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

PUBLIC NOTICE OF REASONS FOR DECISIONS
Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.
RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s Rules of Practice and Procedure (http://www.capteonline.org/AccreditationHandbook/). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.
On May 4, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist assistant education program at Casa Loma College.

**Status:** PROBATIONARY ACCREDITATION

**Action Taken:** Place the Program on Probation

**Effective Date:** May 4, 2016

**Information Used to Make Decisions:**
- Self-study Report received 1/6/2016
- Visit Report with Institution Response received 4/9/2016
- Comments from the Program Director
- Comments from the Team Leader
- Additional Materials received by the CAPTE Commissioner on 4/22/2016

**Reason for Decision:** The Commission's decision to Reaffirm Accreditation with a shortened cycle of five years and place the program on Probation is based on evidence of circumstances that jeopardize the capability of the sponsoring institution to provide acceptable education experiences. CAPTE is placing the program on probation as an indication that its accreditation is in jeopardy of being withdrawn if the deficiencies are not corrected. Significant among the Commission’s concerns are the failure to meet required elements regarding:

- qualifications and evaluation of program faculty
- assessment of admissions, enrollment, and curriculum
- compliance with CAPTE Rules of Practice and Procedure

The Commission's decision is also based on the expectation that the program can and will, within the next two years, bring itself into compliance with all of the standards and required elements. The program is asked to provide additional information, in the form of a Compliance Report, that documents compliance with the elements.
Graduate Performance: The Commission notes the following:

1) The program is meeting its mission as evidenced by the 100% employment rate of licensed graduates.
2) The performance of the program graduates, as reported by the program in the 2014 and 2015 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.):

NOTICES

NOTICE TO USDE, INSTITUTIONAL ACCREDITING AGENCY AND STATE HIGHER EDUCATION AUTHORITY

Pursuant to USDE regulation, a copy of this Summary of Action is being sent to the US Department of Education, the relevant institutional accrediting agency and the relevant state higher education authority at the same time as it is being sent to the program.

NOTIFICATION OF STUDENTS AND THE PUBLIC

It is the obligation of the institution to notify the students enrolled in the physical therapist [assistant] education program, those seeking admission and the public, that the program has been granted probationary accreditation until such time as probation is removed. A sample memorandum to students accompanies this Summary of Action. A copy of the actual memorandum sent by the program and a list of the individuals to whom it was sent must be provided to the Accreditation staff within thirty (30) days of receipt of this Summary of Action along with information about how the public is being notified.

REQUIRED STATEMENT OF PROBATIONARY STATUS

Once a program has been placed on probation, and for as long as it remains on probation, the program must use the statement provided in §8.20(a)(3) on all educational and promotional materials, including the institution/program web site, used by the program/institution.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org. The program’s current status is probationary accreditation; for more information see http://www.capteonline.org/WhatWeDo/RecentActions/PublicDisclosureNotices/
CONTINGENCY PLAN

The program is advised to consider development of a contingency plan for students who are accepted into the next class. If the program is unable to address the issues identified in this Summary of Action and accreditation is withdrawn, and after all due process has been exhausted, the decision has not been reversed, only those students who are enrolled in the final year of the program will be considered graduates of an accredited program. Those students must successfully complete the program in the original time frame scheduled for their graduation, i.e., the twelve-month period following the date of the action to withdraw accreditation.

PUBLIC NOTICE OF REASONS FOR PROBATION

In accordance with USDE requirements, no later than sixty (60) days after the date of any decision to place or maintain a program on probation, CAPTE will publish on its web site a brief statement summarizing the reasons for the decision and the official comments, if any, that the program may make with regard to the decision. A copy of what we intend to publish is enclosed with this summary of action. Acknowledgement that the institution has reviewed the intended public notice must be received by the Accreditation staff no later than fifteen (15) days following receipt of the decision, along with the official comments from the program or institution in regard to the decision, if any. Notices related to programs on probation will be removed from the website when probation is no longer in effect.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.
ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)
The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s Rules of Practice and Procedure (http://www.capteonline.org/AccreditationHandbook/). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.

Commission on Accreditation in Physical Therapy Education
American Physical Therapy Association

SUMMARY OF ACTION
Physical Therapist Assistant Program
Brown Mackie College - Fort Wayne
3000 E Coliseum Boulevard
Fort Wayne, IN 46805

On May 4, 2016, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist education program at Brown Mackie College - Fort Wayne.

Status: PROBATIONARY ACCREDITATION
Action Taken: Reaffirm Accreditation; Continue Probationary Accreditation based on a Good Faith Effort
Effective Date: May 4, 2016
Information Used to Make Decisions: Self-study Report received 10/13/2015
Visit Report with Institution Response received 2/12/2016
Comments from the Program Director
Comments from the Team Leader
Compliance Report received 2/29/2016

Reason for Decision: The Commission based its decision to continue probationary accreditation due to the program's continued inability to demonstrate compliance with the Evaluative Criteria. Significant among the Commission’s concerns are the following:

- low licensure pass rates

When a program is on probation, the Commission may withdraw accreditation at any time if warranted by program conditions. Therefore, the program is advised to develop a contingency plan for students who are accepted into the next class. If accreditation is withdrawn at the next meeting, and after all due process has been exhausted without the decision being reversed, only those students who are enrolled in the final year of the program will be considered graduates of an accredited program. Those students must successfully complete the program in the original timeframe scheduled for their graduation, i.e., the twelve month period following the date of the Commission action to withdraw accreditation.

The Commission's decision is also based on the expectation that the program can and will, within the next two years, bring itself into compliance with all criteria. The program is asked to provide additional information, in the form of a Compliance Report, that documents compliance with the criteria.
Graduate Performance: The Commission notes the following:
1. The program is meeting its mission as evidenced by training students to perform as entry level PTAs.
2. The performance of the program graduates, as reported by the program in the 2014 and 2015 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.)

NOTICES

NOTIFICATION OF STUDENTS AND THE PUBLIC
It is the obligation of the institution to notify the students enrolled in the physical therapist [assistant] education program, those seeking admission and the public, that the program has been granted probationary accreditation until such time as probation is removed. A sample memorandum to students accompanies this Summary of Action. A copy of the actual memorandum sent by the program and a list of the individuals to whom it was sent must be provided to the Accreditation staff within thirty (30) days of receipt of this Summary of Action along with information about how the public is being notified.

REQUIRED STATEMENT OF PROBATIONARY STATUS
Once a program has been placed on probation, and for as long as it remains on probation, the program must use the statement provided in §8.20(a)(3) on all educational and promotional materials, including the institution/program web site, used by the program/institution.

CONTINGENCY PLAN
The program is advised to consider development of a contingency plan for students who are accepted into the next class. If the program is unable to address the issues identified in this Summary of Action and accreditation is withdrawn, and after all due process has been exhausted, the decision has not been reversed, only those students who are enrolled in the final year of the program will be considered graduates of an accredited program. Those students must successfully complete the program in the
original time frame scheduled for their graduation, i.e., the twelve-month period following the date of the 
action to withdraw accreditation.

PUBLIC NOTICE OF REASONS FOR PROBATION
In accordance with USDE requirements, no later than sixty (60) days after the date of any decision to 
place or maintain a program on probation, CAPTE will publish on its web site a brief statement 
summarizing the reasons for the decision and the official comments, if any, that the program may make 
with regard to the decision. A copy of what we intend to publish is enclosed with this summary of 
action. Acknowledgement that the institution has reviewed the intended public notice must be received 
by the Accreditation staff no later than fifteen (15) days following receipt of the decision, along with the 
official comments from the program or institution in regard to the decision, if any. Notices related to 
programs on probation will be removed from the website when probation is no longer in effect.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE
CAPTE’s recognition by the United States Department of Education requires a limitation of two years for 
programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review 
of a Compliance Report, the program remains out of compliance with any required element and sufficient 
progress toward compliance has not been demonstrated, CAPTE may act to place the program on 
probationary accreditation. CAPTE will place the program on probationary accreditation when a program 
remains out of compliance for 18 months. If the program continues to be out of compliance with any 
required element at the end of the two year period following the initial finding that the program is out of 
compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good 
faith effort to come into compliance with the standards and required elements. CAPTE defines a “good 
faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to 
   exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable 
   assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to 
be in effect. During the extension for good faith, probationary accreditation status will be maintained and 
the program’s progress will be monitored. In no case, however, will an extension for good faith be longer 
than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS
Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public 
notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices 
are in addition to the notices of reasons for probation and for final adverse actions as required by the US 
Department of Education. The front page of this Summary of Action will be used for this purpose.

ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation 
status awarded to the program. Further, the United States Department of Education (USDE) requires all 
recognized accrediting agencies to provide for the public correction of incorrect or misleading 
information an institution or program releases about accreditation or pre-accreditation status, contents of 
reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or 
program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any 
additional information, beyond the accreditation or pre-accreditation status that is within the scope of the
USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

**PUBLIC NOTICE OF DECISIONS BY CAPTE**
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

**RESPONSIBILITY TO REPORT CHANGE(S)**
The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s *Rules of Practice and Procedure* (http://www.capteonline.org/AccreditationHandbook/). *It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.*

Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.

If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

- (a) a completed comprehensive assessment of the problem/issue under review,
- (b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
- (c) a detailed timeline for completion of the plan,
- (d) evidence that the plan has been implemented according to the established timeline, and
- (e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS
Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.
ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)
The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s Rules of Practice and Procedure (http://www.capteonline.org/AccreditationHandbook/). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.

REQUIRED STATEMENT OF ACCREDITATION STATUS
Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE
CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS
Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

REQUIRED STATEMENT OF ACCREDITATION STATUS
Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE
CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS
Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.
ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.
ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)
The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s Rules of Practice and Procedure (http://www.capteonline.org/AccreditationHandbook/). REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.
ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)
The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s Rules of Practice and Procedure (http://www.capteonline.org/AccreditationHandbook/). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.

REQUIRED STATEMENT OF ACCREDITATION STATUS

Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE

CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS

Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.
**ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION**

The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s *Rules of Practice and Procedure* [http://www.capteonline.org/AccreditationHandbook/](http://www.capteonline.org/AccreditationHandbook/). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.

REQUIRED STATEMENT OF ACCREDITATION STATUS
Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org.

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE
CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program to be making a good faith effort to come into compliance with the standards and required elements. CAPTE defines a “good faith effort” as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good faith effort has been made and continues to be in effect. During the extension for good faith, probationary accreditation status will be maintained and the program’s progress will be monitored. In no case, however, will an extension for good faith be longer than two years.

PUBLIC NOTICE OF REASONS FOR DECISIONS
Pursuant to expectations of the Council for Higher Education Accreditation, CAPTE provides public notice of the reasons for its decisions to grant candidacy, or grant or reaffirm accreditation. These notices are in addition to the notices of reasons for probation and for final adverse actions as required by the US Department of Education. The front page of this Summary of Action will be used for this purpose.
ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION

If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, Virginia 22314; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE

RESPONSIBILITY TO REPORT CHANGE(S)

The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s Rules of Practice and Procedure (http://www.capteonline.org/AccreditationHandbook/). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.
