in Physical Therapy Education

**STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF
PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS**

(Adopted 10/31/2023)

Standard 1: PTA

The program has established achievement measures and program outcomes related to its mission and goals.

Refer to the Glossary for CAPTE’s definition wherever an asterisk(*) follows a term.

Required Elements

- 1A** The mission* of the program is written and compatible with the mission of the institution, with the unit(s) in which the program resides and with contemporary preparation* of physical therapist assistants.

Evidence of Compliance

Narrative:

- Provide the mission statements for the institution, the unit(s) in which the program resides, and the program.
- Describe the alignment of the program’s mission statement with the missions of the institutions and the unit(s).
- Describe the alignment of the program’s mission statement with the contemporary professional expectations for the preparation of physical therapist assistants.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 1B** The program has documented goals* that are based on and align with its mission and reflect contemporary physical therapist assistant education, research, and practice.

Evidence of Compliance

Narrative:

- For each of the following interested parties provide goals that reflect the program’s stated mission and that contribute to the achievement of program outcomes:
-

(Adopted 10/31/2023)

- o [Students](#)
- o [Graduates](#)
- o [Faculty](#)
- o [Program.](#) -
- Describe how each individual goal listed above aligns with the program's mission

Appendices and On-site Material: See Self-Study Report Instructions and Forms

1C The program meets required achievement measures.

1C1 Graduation rates* are at least 60% averaged over two years. If the program admits more than one cohort per year, the two-year graduation rate for each cohort must be at least 60%. When two years of data are not available, the one-year graduation rate must be sufficient to allow the program to meet the expectation for a two-year graduation rate of at least 60%.

Evidence of Compliance

Portal fields:

- Provide graduation data for the most recent two years for which there is full data in the portal section titled Graduation Rate Data for the years identified on the portal (follow Self-Study Report instructions). Identify the number of cohorts admitted each year; data will be required for each cohort.

Narrative:

- Only comment needed is to refer to the Graduation Rate Table.

If outcomes fall below 60%, provide assessment in Standard 2. **For initial accreditation only:** Indicate that there are no graduates and provide the expected time frame to collect and analyze graduate data. Provide the Retention Rate Table (forms packet) as an appendix.

For developing programs only: Indicate that there is no expectation for this Element at the time of Candidacy. Since the Portal requires a response for each narrative field, indicate that there is no expectation for this Element at the time of Candidacy.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

1C2 Ultimate licensure pass rates* are at least 85%, averaged over two years. **Note:** The Federation of State Boards of Physical Therapy labels this "weighted average ultimate pass rate." When two years of data are not available, the one-year ultimate pass rate must be sufficient to allow the program to meet the expectation for an ultimate two-year licensure pass rate of at least 85%.

Commission on Accreditation
in Physical Therapy Education

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

Evidence of Compliance

Narrative:

- Provide the program's most current licensure pass rate data available through FSBPT:
 - First-time pass rates for all cohorts who have graduated in the past two academic years.
 - Two-year ultimate pass rate based on the following data:
 - Each cohort's graduates who took the exam at least once within one year of graduation.
 - Number of graduates who passed the exam after all attempts.
- If program graduates do not routinely take the National Physical Therapy Examination, provide equivalent data.
- If outcomes fall below 85%, provide assessment in Standard 2.

For initial accreditation only: Identify that there are no graduates and provide the expected time frame to collect and analyze graduate data.

For developing programs only: Indicate that there is no expectation for this Element at the time of Candidacy. Since the Portal requires a response for each narrative field, indicate that there is no expectation for this Element at the time of Candidacy.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

1C3 Employment rates,* **as a physical therapist assistant**, are at least 90%, averaged over two years. If the program admits more than one cohort per year, the two-year employment rate for each cohort must be at least 90%. When two years of data are not available, the one-year employment rate must be sufficient to allow the program to meet the expectation for a two-year employment rate of at least 90%.

Evidence of Compliance

Narrative:

- Provide the two-year employment rate for the last two academic years for each cohort based on the number of graduates who sought employment as a physical therapist assistant.
- Provide the number of graduates who were employed within one year of graduation.

If outcomes fall below 90%, provide assessment in Standard 2.

For initial accreditation only: Indicate that there are no graduates and provide the expected time frame to collect and analyze graduate data.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

Standard 2: PTA

The program is engaged in effective, ongoing, formal, and comprehensive assessment and planning, for the purpose of program improvement to meet the current and projected needs of the program.

Required Elements

- 2A** The program has a written and ongoing strategic plan* that guides its future development. The strategic planning process takes into account program assessment, changes in higher education, the health care environment, and the nature of contemporary physical therapy practice.*

Evidence of Compliance

- Narrative: Analyze the strategic planning process, including the opportunities for parties of interest participation and analyze how the process takes into account changes in
 - higher education
 - the health care environment,
 - the nature of contemporary physical therapy practice.
- Analyze how any changes planned for the next three to five years based on the assessment [contribute to the future development of the program](#).

For developing programs: The Application for Candidacy must include a written strategic plan.

For initial accreditation only: The Self-Study Report should provide evidence of strategic plan implementation and analysis to date.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 2B** The program fosters a culture and climate centered around fairness, accessibility, and equitable opportunity for all interested parties (faculty, staff, students) to succeed

Evidence of Compliance

- Describe how the program creates a culture and climate centering around fairness, accessibility and equal opportunity.

(Adopted 10/31/2023)

- For each interested party (faculty, staff, students) provide one example of program operations that support success.

Appendices and On-site Material: See Self-Study Report or Application for Candidacy Instructions and Forms

- 2C** The program has documented and implemented ongoing, formal, and comprehensive program assessment processes designed to determine program effectiveness and used to foster program improvements that are aligned with the program mission, goals, and outcomes, and demonstrate contemporary practice.

Evidence of Compliance

Narrative:

- Provide a description of the overall assessment process, which includes, but is not limited to, the areas outlined in Elements 2D1-2D7 and 2E that summarize the information in the Program Assessment Matrix as well as the Curriculum Assessment Matrix. (it is recommended that the Curriculum Assessment Matrix become standardized)
- Describe how the program's assessment processes are aligned with the mission and goals of the program and demonstrate contemporary practice.
- Describe the overall opportunities and challenges identified through analysis of cumulative assessment data. If other opportunities and challenges have been identified, describe them, and provide the source of evidence that led to that determination.

For initial accreditation only: The Self-Study Report should provide evidence of strategic plan implementation and analysis to date.

For developing programs only: Address the first **three** bullets only. Note: Candidacy programs are not required to have collected assessment data.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 2D** For each of the following, provide an analysis of data collected and the conclusions drawn to Determine how the program's continuous assessment process meets the program mission, goals, needs, and outcomes.

For initial accreditation only: The Self-Study Report should provide evidence of strategic plan implementation and analysis for Elements 2D1-2D7.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

For developing programs only: The Application for Candidacy should describe the ongoing, formal program assessment process that will be used for implementation and analysis for Elements 2D1-2D9.

- 2D1** The admissions process, criteria, and prerequisites meet the needs and expectations of the program.

Evidence of Compliance

Narrative:

- Describe the available resources that support the admissions process.
- Provide an analysis of data collected and the conclusions drawn to determine the extent to which the admission process, criteria, and prerequisites meet the needs and expectations of the program.

For developing programs only: In the Application for Candidacy, address the first bullet only and describe the ongoing, formal program assessment process that will be used to determine if the admissions process, criteria and prerequisites meet the needs and expectations of the program.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 2D2** Program enrollment appropriately reflects available resources, program outcomes, and local, regional, and national workforce needs.

Evidence of Compliance

Narrative:

- Provide an analysis of data collected and the conclusions drawn to determine the optimal program enrollment considering resources, program outcomes, and local, regional, and national workforce needs.
- Identify data collected, student achievement and outcomes, and graduate outcomes used to describe conclusions reached, and describe or identify changes made related to program enrollment to address the findings or conclusions.
- If any changes have been made, provide a timeline for implementation, including meeting the respective Element, and for reassessment of the effectiveness of changes.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

For developing programs only: In the Application for Candidacy address the first bullet only and describe the ongoing, formal program assessment process that will be used to determine if program enrollment appropriately reflects available resources, program outcomes, and workforce needs.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 2D3** The collective core,* associated,* and clinical education faculty* possess the expertise to meet program and curricular needs and expected program outcomes.

Evidence of Compliance

Narrative:

- Describe how the core, associated and clinical faculty is sufficient in composition to allow each individual core faculty to meet all program and curricular needs, aligns with the mission and goals, and demonstrates contemporary practice.
- Analyze the data collected and the conclusions drawn to determine the extent to which the collective core and associated faculty meet curricular needs and expected program outcomes.
- Analyze the data collected and the conclusions drawn to determine the extent to which the clinical education faculty meet curricular needs and expected program outcomes.

For developing programs only: In the Application for Candidacy address the following:

- ☞ Describe the ongoing, formal program assessment process that will be used to determine if the collective core, associated, and clinical education faculty meet program and curricular needs.
- ☞ Provide an assessment of the extent to which the collective core, associated and clinical education faculty will meet program and curricular needs for the first two years of the program.
Note: This Element refers to the assessment of the collective faculty. Information regarding the process to assess individual faculty is addressed in Standard 4. Candidacy programs are to analyze data if available. Indicate instances where data is not yet available and why. Include how the collective core, associated, and clinical education faculty will meet the program and curricular needs in the first two years of the program.
- Identify the formula used to determine the percentage of time each core faculty member will spend in the different requested areas. **Note:** there is an expectation that a consistent formula be used; provide a rationale if any individual faculty member's workload deviates from this formula.
- Identify the core faculty employed to date, including the program director and clinical education coordinator, and describe how they meet program needs for content expertise in the program.
- Identify the core and associated faculty hired to cover all courses in the first two years of the program. **Note:** The program must have, or have contracts with, sufficient qualified faculty to implement the complete first two years of the program.

Commission on Accreditation
in Physical Therapy Education

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

- Identify the number and qualifications of the core faculty necessary for the full implementation of the program that is reflective of content expertise needed and all the faculty activities delineated in the Element.
- Provide evidence that the timeline of hire for contracted faculty is adequate to allow faculty preparation for their respective responsibilities in the program.
- Describe how the individual faculty workloads, including teaching assignments, for the core faculty will be adequate to meet the program needs, for the first two years of the program and at full program implementation.
- Describe plans and timelines that are supported in the budget, for hiring an adequate number of additional qualified core and associated faculty during the implementation of the program.
- Provide faculty workload equivalent calculations* for each faculty member on the individual Core Faculty Detail page(s).
- Provide information related to teaching responsibilities for each course in the appended Plan of Study.

Appendices and On-site Material: See Self-Study Report or Application for Candidacy Instructions and Forms

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 2D4** Students demonstrate entry-level clinical performance during clinical education experiences prior to graduation.

Evidence of Compliance

Narrative:

- Describe the mechanisms used to determine entry-level performance of students during clinical education experiences prior to graduation.
- Provide evidence that each student who completed the program within the last year demonstrated entry-level clinical performance by the end of their last clinical education experience.
- If applicable, describe mechanisms utilized when CI assessment suggested less than entry-level performance and how the program managed each situation when a student did not meet entry-level clinical performance.

For initial accreditation only: Indicate that students have not yet completed their last clinical education experience and provide the expected time frame to collect and analyze this data.

(Adopted 10/31/2023)

- **Note:** The program will be required to provide additional information prior to CAPTE's initial accreditation decision; please refer to Part 8 of CAPTE's Rules of Practice and Procedure, accessible at www.capteonline.org, for detailed information about what must be provided and the timing of the request.

For developing programs only: In the Application for Candidacy address the first bullet only and describe mechanisms that will be utilized when clinical instructor (CI) assessment suggest less than entry-level performance and how the program will manage each situation when a student does not meet entry-level clinical performance.

Appendices and On-site Material: See Self-Study Report or Application for Candidacy Instructions and Forms

2D5 Students meet the expected outcomes as defined by the program.

Evidence of Compliance

Narrative:

- For each student goal, list the expected outcomes that support the goal.
- For each outcome, provide the expected level of achievement and describe the process the program uses to determine if the expectation has been met.
- Analyze data collected from students to determine the extent to which the students meet the program's expected student outcomes and describe progress toward goals.
- If the program has more than one cohort, provide an analysis for each cohort.
- If any changes have been made, provide a timeline for implementation, including meeting the respective Element, and for reassessment of the effectiveness of changes.

2D6 Program graduates* (post-degree conferral) meet the expected outcomes as defined by the program.

Evidence of Compliance

Narrative:

- For each program graduate goal, list the expected outcomes that support the goal.
- For each outcome, provide the expected level of achievement and describe the process the program uses to determine if the expectation has been met.
- Analyze data collected from graduates and their employers to determine the extent to which the graduates meet the program's expected graduate outcomes and describe progress toward goals.
- If the program has more than one cohort, provide an analysis for each cohort.

Commission on Accreditation
in Physical Therapy Education

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

For initial accreditation only: Indicate that there are no graduates, provide response to first two bullet points, and provide the expected time frame to collect and analyze graduate data.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

2D7 Program faculty meet the expected outcomes as defined by the program.

Evidence of Compliance

Narrative:

- For each faculty goal, list the expected outcomes that support the goal.
- For each outcome, provide the expected level of achievement and describe the process the program uses to determine if the expectation has been met.
- Analyze data collected about the program to determine the extent to which the faculty meets the expected outcomes and describe progress toward goals.

2D8 Program goals meet the expected outcomes as defined by the program.

Evidence of Compliance

Narrative:

- For each program goal, list the expected outcomes that support the goal.
- For each outcome, provide the expected level of achievement and describe the process the program uses to determine if the expectation has been met.
- Analyze data collected about the program to determine the extent to which the program meets the expected outcomes and describe progress toward goals.
- If the program has more than one cohort, provide an analysis for each cohort.
- If any changes have been made, provide a timeline for implementation, including meeting the respective Element, and for reassessment of the effectiveness of changes.

2D9 Program resources are meeting, and will continue to meet, current and projected program needs including, but not limited to financial resources, administrative support staff and

(Adopted 10/31/2023)

technology support staff, facilities, space, equipment, technology, instruction materials, library and learning resources, and student services.

Evidence of Compliance

Portal fields:

- Provide three years of allocations and expense data in the portal section titled **Income Statement**. Data must be provided for the academic year of the visit, the previous academic year, and projected data for the next academic year. The form, Allocations and Expense Statements, can be used to collect the required data.

Narrative:

- Describe **each** program resource and analyze data collected to determine the extent to which **each** resource is meeting, and will continue to meet, current and projected program needs including:
 - Financial resources.
 - Administrative and technology support staff.
 - Facilities.
 - Equipment.
 - Technology.
 - Instruction materials.
 - Library and learning resources.
 - Student services including financial advising, career preparedness and employment support .

For developing programs only: In the Application for Candidacy address the following:

- Describe **each** program resource and analyze data collected to determine the extent to which **each** resource is meeting, and will continue to meet, current and projected program needs including:

Financial resources:

- Financial resources are adequate to achieve the program's stated mission, goals, and expected program outcomes and to support the academic integrity and continuing viability of the program.

Portal fields:

- In the portal, provide three years of allocations and expense data in the Portal section entitled *Income Statement*. Data must be provided for the academic year of the Candidacy Visit and each academic year through the full implementation of the program (e.g., through graduation of the charter class). The Portal will request the identification of the actual academic years being

(Adopted 10/31/2023)

reported. The form, Allocations and Expense Statements, can be used to collect the required data.

Note: Adequate financial resources are expected to be available to meet the increasing demands of the program as additional faculty, staff and students are involved in the program.

Note: **Allocations** refers to the amounts **budgeted to the program**; it should never be zero nor should it reflect all tuition dollars collected by the institution unless all tuition dollars are indeed allocated to the program.

Administrative assistance staff and technology support personnel:

- The current and planned secretarial/administrative and technical support available to the program, including the secretarial/administrative support available for the clinical education program to meet expected program outcomes.
- Provide the plans with timelines that are supported in the budget for hiring additional secretarial/administrative and technical support staff during the implementation of the program.

Space/facilities

- The classroom, laboratory and storage space needed for the first year of the program and confirm that the completed space will be available and usable when needed by students.
- All classroom, laboratory, and storage space needed for the full implementation of the program and provide a timeline for occupancy.
- Any classroom and laboratory space that is dedicated to the program.
- The adequacy of faculty and staff office spaces to facilitate student advising, confidential meetings, office equipment, documents storage, and confidential materials security.
- The space is supportive of effective teaching and learning: access to current technology, access to safety features, good repair, cleanliness, temperature control, etc.
- The adequacy of opportunities students will have access to laboratory space outside of scheduled class time for practice of clinical skills.
- The adequacy of equipment and space to meet the needs of each core faculty member, including space need for core faculty to fulfill their scholarly agendas*.
- Provide documentation of plans for occupancy of the research space as the core faculty are hired through the full implementation of the program.
- If plans for space are delayed, provide the contingency plan to ensure adequate and appropriate space for the first year of the program that will be available at the time of the Candidacy Visit.

Note: CAPTE expects that, at a minimum, the program has appropriate space and

(Adopted 10/31/2023)

equipment to implement the first year of the program at the time of Application for Candidacy submission. If plans for space are delayed, contingency plans must be in place that ensures adequate and appropriate space for the first year of the program that will be available by the time of the Candidacy Visit.

Equipment.

- Equipment and materials available for the support of the program, including equipment and supplies loaned by vendors or by facilities other than the institution.
- Indicate whether the program has acquired, or has on order, equipment, technology, and materials needed to meet the curricular goals of the first year of the program.
- The process used to ensure that equipment is in safe working order, sufficient in number, reflective of contemporary PT practice, and available when needed.
- Access to equipment being borrowed/loaned or used off-site.
- Provide a plan for acquisition of equipment and materials for the continued implementation of the program, including the timeline to acquire the additional items.
- The contingency plan should borrowed/loaned equipment not be available for remediation and testing.
- The opportunities students have for access to equipment and materials for practice outside of scheduled class times.
- The equipment and materials available are sufficient to meet the needs of students according to the maximum planned class size.

Technology

- The instructional technology resources available to meet the needs of the first year of the program.
- The adequacy of the available instructional technology.
- Use of technology for instructional and other purposes in the first year of the program and when the program is fully implemented.
- Provide a plan for the acquisition of technology through the full implementation of the program.

Instruction materials, Library and learning resources, Student services.

- The library resources currently available, including the accessibility of these resources.
- The adequacy of the library resources and remote accessibility for the program needed to meet the goals of the program, faculty, and students for the full implementation of the program.
- Provide the plan to acquire and/or provide access to the needed learning resources in a timely manner.

Commission on Accreditation
in Physical Therapy Education

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

- The academic, counseling, health, disability, and financial aid services that will be available to program students, including the accessibility of these services for the physical therapist students.

Note: Accessibility of these services for students taking distance education courses is requested in 618.

Appendices and On-site Material: See Self-Study Report or Application for Candidacy Instructions and Forms

2D10 Program policies and procedures, as well as relevant institutional policies and procedures, meet program needs. This includes analysis of the extent to which program practices adhere to policies and procedures.

Evidence of Compliance

Narrative:

- Provide an analysis of the information collected and the conclusions drawn to determine the extent to which program policies and procedures, as well as relevant institutional policies and procedures, meet program needs. This includes analysis of the extent to which practices adhere to policies and procedures.

For developing programs only: In the Application for Candidacy address the following:

- Provide a process for analysis of the information to be collected and that will be used to determine the extent to which program policies and procedures, as well as relevant institutional policies and procedures, meet program needs. This includes analysis of the extent to which practices adhere to policies and procedures.

Appendices and On-site Material: See Self-Study Report or Application for Candidacy Instructions and Forms

2D11 The clinical sites available to the program are sufficient to provide the quality, quantity, and variety of expected experiences to prepare students for their roles and responsibilities as physical therapist assistants.

Evidence of Compliance

Narrative:

- Describe the process used by the program to determine that the clinical education sites of experiences for the students are consistent with the goals of the clinical education portion of the curriculum and with the objectives of the individual clinical education course in the curriculum.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

- Describe how the program ensures a sufficient number and variety of clinical education sites to support the goals of the clinical education portion of the curriculum and to meet the objectives of the individual clinical education courses in the curriculum.

For developing programs only: In the Application for Candidacy address the following:

- Describe the process that will be used by the program to determine that the clinical education sites of experiences for the students are consistent with the goals of the clinical education portion of the curriculum and with the objectives* of the individual clinical education course in the curriculum.
- Describe how the program will ensure a sufficient number and variety of clinical education sites to support the goals of the clinical education portion of the curriculum and to meet the objectives of the individual clinical education courses in the curriculum.
- Confirm that, at a minimum, there are sufficient clinical placements for 150% of the charter class size that will be appropriate for the first full-time* clinical education experience and any part-time experiences that precede it. For example, if the planned charter class size is 40, the program is expected to have fully executed written agreements with enough facilities and site-specific Letters of Intent to ensure 60 full-time clinical experiences in practice areas that support the first year of the program. At a minimum, this must include the first full-time clinical experience and any part-time experiences that precede it.
- Describe the program's expectations for the type of experience(s) appropriate for the first full-time clinical education experience and any part-time clinical experiences that may precede it.
- Provide a summary of the number and array of clinical experiences that are expected to be available from the clinical facilities with which fully executed contracts and Letters of Intent (LOI) exist.
- Provide a summary of the number and array of clinical experiences the program expects will be needed for each clinical education course in order to meet the expectations of Element 6H and the expectations of the program – when the program is fully implemented.
- Provide a detailed plan for obtaining sufficient additional clinical sites/placements to ensure all students meet the expectations of Element 6H and the expectations of the program.

Appendices and On-site Material: See Self-Study Report or Application for Candidacy Instructions and Forms

- 2D12** There are effective written agreements between the institution and the clinical education sites that are current and describe the rights and responsibilities of both parties. At a minimum, agreements address the purpose of the agreement; the objectives of the institution and the clinical education site in establishing the agreement; the rights and responsibilities of the institution and the clinical education site, including those related to responsibility for patient and client care and to responsibilities for supervision and evaluation of students; and the procedures to be followed in reviewing, revising, and terminating the agreement.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

Evidence of Compliance

Narrative:

- Briefly describe the provisions of the clinical education contracts used by the program.
- Describe how the program maintains the currency of written agreements with clinical education sites.
- Describe the process used to ensure that there are current written agreements between the institution and the clinical education sites.

Appendices and On-site Material: See Self-Study Report or Application for Candidacy Instructions and Forms

- 2E** The curriculum assessment plan is written and addresses the curriculum as a whole. The assessment plan includes assessment of individual courses and clinical education. The plan incorporates consideration of the dynamic nature of the profession and the health care delivery system. Assessment data is collected from appropriate stakeholders including, at a minimum, program faculty, current students, graduates of the program, and at least one other stakeholder group such as employers of graduates, consumers of physical therapist services, peers, or other health care professionals. Clinical education assessment includes, at a minimum, the quality, quantity, variety of sites, and the appropriate length and placement within the curriculum to prepare students for their roles and responsibilities as physical therapists.

Evidence of Compliance

Narrative:

- Provide a description of the curricular assessment process, which includes, but is not limited to, the areas outlined in Elements 6A through 6h that summarize the information in the Curriculum Assessment Matrix.
- Describe how the program's assessment processes are aligned with the mission and goals of the program and demonstrate contemporary practice.
- Describe the overall opportunities and challenges identified through analysis of cumulative assessment data. If other opportunities and challenges have been identified, describe them and provide the source of evidence that led to that determination.

For developing programs only: In the Application for Candidacy address the following:

- Identify the parties of interest from whom data is collected, the educational resources used, the method(s) used to collect data, and the timing of the collection.
- Describe how the curriculum assessment process considers the dynamic nature of the profession and the health care delivery system.

Upload evidence of the following:

- For the degree-granting institution, provide the accrediting agency name and the date that the current institutional accreditation status was granted.
- Provide documentation that the institution is in good standing. If sanctions, warning, probation, show cause, or pending termination have been issued by the accrediting agency, provide a narrative explaining the reasons for the accreditation status and the impact on the program.
- If in a collaborative arrangement, provide the above for the degree-granting institution.
- For institutions in countries other than the United States that are not accredited by an agency or association recognized by the U.S. Department of Education or by the Council for Higher Education Accreditation:
 - Identify the agency or agencies that provide the authorization for the institution to provide (1) postsecondary education; and (2) the professional physical therapist assistant program and indicate the dates such authorization was received. Provide contact information, including address, phone number, and email address.
 - State the institution's current accreditation status or provide documentation of a regular external review of the institution that includes the quality of its operation, the adequacy of its resources to conduct programs in professional education, and its ability to continue its level of operation.

Evidence of Compliance

Narrative:

- Provide institutional and program policies, procedures, and practices that affect the rights, responsibilities, safety, privacy, and dignity of program faculty and staff.
- Describe how the program policies, procedures, and practices are made available to faculty and staff.
- Provide evidence that the core faculty workloads are within the defined institutional and program workload policies.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 3F** Program-specific policies and procedures are compatible with institutional policies and with applicable law.

Evidence of Compliance

Narrative:

- Describe how the program policies and procedures are compatible with applicable state and federal laws and regulations (e.g., Title IX, Health Insurance Portability and Accountability Act of 1996, NC-SARA).
- List the program-specific policies and procedures that differ from those of the institution (e.g., admissions procedures, grading policies, policies for progression through the program, policies related to clinical education, faculty workload policies) and describe how the policies and procedures differ and why.
- Describe how institutional approval is obtained for program policies and procedures that differ from those of the institution.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 3G** Policies, procedures, and practices exist for handling complaints, including a prohibition of retaliation following submission of a complaint. The policies are written, disseminated, and applied consistently and equitably. Records of complaints about the program, including the nature of the complaint and the disposition of the complaint, are maintained by the program.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

- 4A** Each core faculty member has a minimum of three years of full-time* (or equivalent) post-licensure clinical experience in physical therapy practice and has contemporary expertise* in assigned teaching areas and demonstrated effectiveness in teaching and evaluation of student learning. In addition, core faculty who are physical therapists or physical therapist assistants hold an active, unencumbered PT license or PTA license/certification in any United States jurisdiction and are in compliance with the state practice act in the jurisdiction where the program is located.

Evidence of Compliance

Narrative:

- Provide a brief statement describing the jurisdictional requirements for faculty engaging in teaching and scholarship in the jurisdiction where the program is located. Include URL, verification or other evidence.
- The program is to demonstrate compliance with the jurisdiction's practice act.
- The only additional response needed in the 4A text box is to refer to the Core Faculty Detail Section for each core faculty member.

Portal fields are on the Core Faculty Information page.

- In completing the qualifications box on this portal page:
 - For each core faculty member, identify the number of years of full-time (or equivalent), post-licensure clinical experience in physical therapy practice.
 - Describe the individual's effectiveness in **both** teaching and evaluation of student learning (e.g., peer evaluations, student evaluations).
 - For core faculty who are PTs or PTAs, identify if each holds an active, unencumbered PT license or PTA license in any United States jurisdiction and are in compliance with the state practiced act in the jurisdiction where the program is located.
 - Identify teaching assignments by prefix, number, and title and indicate content assigned and role in course.
 - Provide evidence of the individual's contemporary expertise specific to assigned teaching content in the PTA program. This evidence **may** include:
 - Education (including post-professional academic work, residency, and continuing education).
 - Clinical expertise (specifically related to teaching areas, e.g., certification as a clinical specialist, residency, fellowship).
 - Consultation and service related to teaching areas.

- Other evidence that demonstrates contemporary expertise, for example:
 - Scholarship (e.g., publications, grant activities, and presentations related to teaching areas).
 - Written evidence of evaluation of course materials by a content expert.
 - Independent study and evidence-based review that results in critical appraisal and in-depth knowledge of subject matter (include description of resources used and time frame for study).
 - Formal mentoring (include description of experiences, time frame, and qualifications of mentor).

Appendices and On-site Material: See Self-Study Report Instructions and Forms

The program director* will attest that each core faculty member (by name) is within the guidelines and requirements of the practice act in their jurisdiction.

- 4B** Each core faculty member has a record of institutional and/or professional service* that is consistent with the institution's mission and expectations, and with the program's mission and goals.

Evidence of Compliance

Narrative:

- Describe the institution's mission and expectations as they relate to faculty service.
- Describe the program's mission and goals as they relate to faculty service.
- Describe how each core faculty member's service activities align with and contribute to the institution's mission and expectations and to the program's mission and goals.

(Adopted 10/31/2023)

NOTE: If you have qualified for the 9 education credits under 4G (2016 Standards), then you do not need to qualify again for 4F.

4G The program director provides effective leadership for the program including, responsibility for communication, program assessment and planning, fiscal management, and faculty professional development/evaluation.

Evidence of Compliance

Narrative:

- Describe the effectiveness of the mechanisms used by the program director to communicate with program faculty and other individuals and departments (e.g., admissions, library) involved with the program.
- Describe the effectiveness of the mechanisms used by the program director to communicate with external stakeholders (e.g., advisory board, community partners, clinical faculty) involved with the program.
- Describe the responsibility, role, and effectiveness of the program director for assessment and planning.
- Describe how the workload allocates sufficient release time for administrative responsibilities.
- Describe the responsibility, role, and effectiveness of the program director in fiscal planning and allocation of resources, including long-term planning.
- Describe the responsibility, role, and effectiveness of the program director for faculty professional development/evaluation.
- Describe the process used to assess the program director as an effective leader.
- Provide **two** examples within the last five years of effective leadership, which **may** relate to:
 - A vision for physical therapist assistant education.
 - Understanding of and experience with curriculum content, design, and evaluation.
 - Employing strategies to promote and support professional development.
 - Proven effective interpersonal and conflict management skills.
 - Ability to facilitate change.
 - Negotiation skills (relative to planning, budgeting, funding, program faculty status, program status, employment and termination, space, and appropriate academic and professional benefits).
 - Effective experience in strategic planning.
 - Active service on behalf of physical therapist assistant professional education, higher education, the larger community, and organizations related to their academic interest.
 - Effective management of human and fiscal resources.

- 4H** The program director has **appropriate** decision-making authority over the financial/budgetary resources to achieve the program's stated mission, goals, and expected program outcomes and to support the academic integrity and continuing viability of the program.

Evidence of Compliance

Narrative:

- Describe the mechanisms that are in place for participation in shared decision-making processes between the program director and the institution, to ensure that the program director has administrative oversight and appropriate decision-making authority over the financial/budgetary resources related to the program.
 - Describe the mechanisms that are in place for the program director to receive feedback from the institution (i.e., chair, dean, provost) regarding the input the program director provides in the shared decision-making process.
 - Describe the responsibility and effectiveness of the program director in fiscal planning and allocation of resources, including long-term planning of the program.
 - Describe the program director's role in financial management of the program, including:
 - Input into tuition and fee structures related to the program.
 - Input into financial aid processes related to the program.
 - Input into program expense decisions related to personnel.
 - Input into program expense decisions external to personnel (e.g., equipment, supplies).
 - Input into the size of the program cohort and number of cohorts.
 - The ability to advocate for additional resources where appropriate.
- 4I** The program director is responsible for compliance with accreditation policies and procedures. Program policies, procedures, and practices provide for compliance with the accreditation policies and procedures including:
- **4I1** Maintenance of accurate information, easily accessible to the public, on the program website regarding accreditation status (including CAPTE logo and required accreditation statement), and current student achievement measures.
 - **4I2** Timely submission of required fees and documentation, including reports of graduation rates, performance on state licensing examinations, and employment rates.

Collective Academic Faculty

- 4L** The collective core faculty hold primary responsibility (in collaboration with appropriate communities of interest) for initiating, adopting, evaluating, and upholding academic regulations specific to the program and compatible with institutional policies, procedures, and practices. The regulations address:
- Admission requirements.
 - Grading policy.
 - Minimum performance levels, including those relating to professional and ethical behaviors.
 - Student progression through the program.
 - Development, review, and revision of the curriculum with input from other appropriate communities of interest.

Evidence of Compliance

Narrative:

- Describe the process by which academic regulations specific to the program are developed, adopted, and evaluated by the core faculty.
- Describe the responsibility of the core faculty for the development, review, and revision of the curriculum plan.
- Provide two examples within the past five years of involvement by communities of interest in curriculum development, review, and revision.
- Must have a minimum of two full-time core faculty. One core faculty member must be a licensed physical therapist.

Appendices and On-site Material: Self-Study Report Instructions and Forms

- 4M** The collective core faculty are responsible for assuring that students are professional, competent, safe, and ready to progress to clinical education.

Evidence of Compliance

Narrative:

- Describe the processes and criteria used by the core faculty to determine that students are professional, competent, and safe in the skills identified by the core faculty and that the students are ready to engage in clinical education.
- Describe how the program ensures that critical safety elements are identified in the competency testing process.

- Describe the mechanisms used to communicate to students and clinical education faculty the specific skills in which students must be competent and safe.
- Describe opportunities in which the PTA student had interactions with a licensed PTA as a role model prior to the PTA student engaging in clinical education.

Appendices and On-site Material: Self-Study Report Instructions and Forms

Clinical Education Faculty

- 4N** Clinical education faculty are licensed physical therapists or, if permitted by the state practice act, licensed physical therapist assistants, with a minimum of one year of full-time (or equivalent) post-licensure clinical experience, and are effective role models and clinical teachers.

Evidence of Compliance

Narrative:

- Describe how the program determines that clinical instructors are meeting the expectations of this element including:
 - The program's expectations for the clinical competence of CIs.
 - The program's expectations for clinical teaching effectiveness of CIs.
 - How the clinical education sites are informed of these expectations.
 - How these expectations are monitored.
- Identify the assessment tool(s) used during clinical education experiences and describe how CIs are trained in the appropriate use of the tool(s).
- Describe how the program determines that the tool used for the evaluation of student performance in the clinical setting has been completed correctly.

- Describe the mechanism by which students receive regular reports of academic and clinical performance and progress.
 - Describe the program policies, procedures, and practices that relate to remediation, retention, and dismissal when unsafe practices are identified and/or knowledge, skills, and/or abilities are deficient.
 - Describe the resources available to support and optimize student success for those students that require remediation and/or are at risk of dismissal.

Appendices and On-site Material: Self-Study Report Instructions and Forms

- 5E** Enrollment agreements, if used, comply with institutional accrediting agency and state requirements and are only executed with a prospective student after disclosure of the information delineated in 5B and formal admission to the program has occurred.

Evidence of Compliance

Narrative:

- Identify whether enrollment agreements are used.
- If used:
 - Provide evidence that the agreements are consistent across enrollees for a given cohort.
 - Describe the institutional accrediting agency and state requirements for using enrollment agreements and explain how the current agreement complies with these requirements.
 - Indicate when in the enrollment process the student is required to sign the agreement.
- Provide evidence that, prior to having to sign the enrollment agreement, prospective students are provided with:
 - Catalogs.
 - Recruitment and admissions information, including admissions criteria, transfer of credit policies, and any special considerations used in the process.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

Standard 6: PTA

The program has a comprehensive curriculum plan.

Required Elements

6A The comprehensive curriculum includes the didactic and clinical education components of the curriculum. It is based on information about the contemporary practice of physical therapy; standards of practice; and current literature, documents, publications, and other resources related to the profession, to the delivery of health care services, to physical therapy education, and to educational theory; and the mission of the program.

The curriculum includes all general education, prerequisites, didactic, and clinical components of the PTA program. The entire curriculum is:

- Completed in a minimum of four semesters **or** 64 academic weeks.
- Includes a minimum of 520 total clinical hours composed of both integrated* and full-time* experiences. This must include a minimum of 12 weeks of full-time clinical education, based on a minimum of 32 hours/week. Of the required 12 full-time weeks, a minimum of six weeks are consecutive and placed as a terminal clinical experience.

Upon satisfactory completion of the physical therapist assistant education program the associate degree is awarded by an affiliating college.

Evidence of Compliance

Narrative:

- Describe how the curriculum plan is based on information about the contemporary practice of physical therapy; standards of practice; and current literature, documents, publications, and other resources related to the profession, to physical therapist assistant education, and to educational theory.
- Describe how the curriculum plan relates to the mission of the program
- Identify the length of the program in semesters (or equivalent) and in academic weeks.
- State the degree conferred.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

- 6B** The curriculum includes courses in general education and basic sciences that prepare the student for the technical courses, or competencies, if the program is competency based.

Evidence of Compliance

Narrative:

- Identify the general education and basic science courses required for the degree and explain how they prepare the student for the technical courses, or competencies if the program is competency based.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 6C** The curriculum is a series of organized, sequential, and integrated courses designed to facilitate achievement of the expected student outcomes, including the expected student learning outcomes described in Standard 7.

- The curriculum is based on an educational philosophy that translates into learning experiences.
- The learning objectives are stated in behavioral terms that reflect the breadth and depth of the course content, including the expected level of student performance.
- The instructional methods are based on the nature of the content, the needs of the learners, and the defined expected student outcomes.
- The learning experiences lead to achievement of the expected student outcomes for individuals across the life span and continuum of care, including individuals with chronic illness.
- The curriculum includes learning experiences that promote health equity in the communities served through the inclusion of topics such as health disparities and social determinants of health.
- Assessment of student learning processes determine whether students achieve the learning objectives, occur on a regular basis, include the cognitive, psychomotor, and affective domains as related to learning objectives and include expectations for safe practice during all activities.
- The clinical education component includes organized and sequential experiences coordinated with the didactic component of the curriculum. Clinical education includes both integrated and full-time terminal experiences.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

Narrative:

- Describe the educational philosophy of the curriculum.
- Describe how the organization, sequencing, and integration of courses facilitate student achievement of the expected outcomes.
- Describe how course objectives, in the aggregate, are written in behavioral (measurable and observable) terms.
- Describe the instructional methods and learning experiences that facilitate student achievement of the objectives.
- Describe how the learning experiences lead to achievement of the expected student outcomes for individuals across the life span and continuum of care, including individuals with chronic illness.
- Describe how the curriculum provides learning opportunities regarding health equity, health disparities and social determinants of health
- Describe the formative and summative evaluation mechanisms that measure student achievement of objectives.
- Describe how the clinical experiences and didactic curriculum are organized, sequenced, and integrated. Clinical education includes both integrated and full-time terminal experiences.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 6D** The curriculum includes course syllabi that are comprehensive and inclusive of all CAPTE expectations.

Evidence of Compliance

Narrative:

- Only response needed is to refer the reader to the course syllabi.

Note: Each syllabus **must** include at least the following:

- Title and number.
- Description.
- Department offering course.
- Credit hours.*
- Instructor(s).
- Contact hours (lecture and laboratory).
- Course prerequisites.
- Course objectives.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

- Schedule, outline of contentDescription of learning activities (e.g., case studies, videos, presentations, group work, assignments).
- Mode of delivery (e.g., in person, hybrid, synchronous, asynchronous).
 - Describe the substantive and regular interaction that occurs with each mode of delivery.
- Methods of student evaluation/grading.
- Learning resources (e.g., textbooks, e-books, videos).

Note: If the program or institution requires a syllabus format that does not include all of the above, the required syllabus plus an addendum is acceptable. For accreditation review, all of the above are required.

Note: for **Initial Accreditation ONLY:** provide the curriculum and syllabi for the charter class as CAPTE must make an accreditation decision based on their curriculum. If curricular changes have occurred since the program started, provide a summary of the changes and the rationale for the changes in Element 2E

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 6E** The didactic and clinical education curriculum includes intra-professional* (PT/PTA) and interprofessional* (PTA with other professions/disciplines) learning activities that are based on best-practice and directed toward the development of intra-professional and interprofessional competencies including, but not limited to, values/ethics, communication, professional roles and responsibilities, and teamwork.

Evidence of Compliance

Narrative:

- For **intra-professional** education (didactic and clinical), describe the intentional learning activities that:
 - Involve students, faculty and/or PT/PTA clinicians.
 - Address the effectiveness of the learning activities in preparing students and graduates for team-based PT/PTA collaborative care.
 - Include the responsibilities and legal aspects of the direction and supervision of physical therapist assistants.
- For **interprofessional** education (didactic and clinical) describe the intentional learning activities that address:
 - Values and ethics.
 - Communication.

6F If the curriculum includes courses utilizing distance education methods, the program provides the following evidence.

Note: The USDE has updated the definition of Distance Education. Please see the Glossary for the updated definition.

Evidence of Compliance

Narrative:

- Describe the use of distance education methods in the curriculum, if any. If no distance education methods are used, state as such.
- Provide evidence that faculty teaching by distance is effective in the provision of distance education within the curriculum.
- Describe how the program ensures substantive, regular, monitored, planned interactions between students and faculty.
- Describe the mechanism(s) used to confirm student identity during course activities and when testing occurs at a distance.
- Describe the mechanism(s) used to maintain test security and integrity when testing occurs at a distance.
- Describe how students participating in distance education have access to academic, health, counseling, disability, and financial aid services.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

6G The clinical education component of the curriculum includes clinical education experiences for each student that encompass, health and wellness, prevention, management of patients and clients with diseases and conditions representative of those commonly seen in practice across the life span and the continuum of care; in practice settings representative of those where physical therapy is practiced.

STANDARDS AND REQUIRED ELEMENTS FOR ACCREDITATION OF PHYSICAL THERAPIST ASSISTANT EDUCATION PROGRAMS

(Adopted 10/31/2023)

Standard 7: PTA

The curriculum includes content, learning experiences, and student testing and evaluation processes designed to prepare students to achieve educational outcomes required for initial practice in physical therapy, and for lifelong learning necessary for functioning within an ever-changing health care environment.

NOTE: The [Guide to PT Practice 4.0](#) and the [FSBPT Content Analysis](#) are two reference documents for this section. CAPTE expects programs to identify any additional resources that assisted the program in curriculum assessment and development.

Required Elements

- 7A** The physical therapist assistant curriculum includes content and learning experiences in general and technical education necessary for entry-level practice.
- 7A1** Topics covered include a complement of **academic general education** coursework appropriate to the degree offered that includes:
- Communication.
 - Biological, physical, behavioral, and social sciences which prepare students for coursework in the technical program sequence.

General education courses are courses not designated as applied general education coursework by the institution or program.

Evidence of Compliance

Narrative:

- Describe where and how biological, physical, behavioral, and social sciences are included in the PTA curriculum. **Note:** The required academic general education coursework does not need to be a unique, individual course. The coursework can be contained within other courses. For example, physics coursework might be contained in a PTA kinesiology course.

- 7A2** A complement of **professional courses** appropriate to the degree offered that includes body system interactions, health, and surgical conditions across the life span, movement sciences, pain and pain experiences, and psychosocial aspects of health and disability.
- Anatomy, physiology, pathology, and cellular/tissue health throughout the life span for the included body systems:
 - Cardiovascular.
 - Endocrine and metabolic.
 - Gastrointestinal.
 - Genital and reproductive.
 - Hematologic.
 - Hepatic and biliary.
 - Immune.
 - Integumentary.
 - Lymphatic.
 - Musculoskeletal.
 - Neurological.
 - Pulmonary.
 - Renal and urologic systems.
 - Body System Interactions.
 - Health and surgical conditions seen in physical therapy.
 - Exercise science.
 - Biomechanics.
 - Kinesiology.
 - Neuroscience.
 - Motor control and motor learning.
 - Diagnostic imaging.
 - Pharmacology.
 - Pain and pain experiences.
 - Psychosocial aspects of health and disability.

Evidence of Compliance

Narrative:

- Describe where and how each of the delineated biological, physical, behavioral, and movement sciences content areas is included in the professional curriculum. Do not include prerequisite courses.

- 7B** The physical therapist assistant technical curriculum includes content and learning experiences in ethics and values, professional responsibilities, service, and leadership, along with teaching and learning within an ever-changing health care environment.
- 7B1** Practice in a manner consistent with the Standards of Ethical Conduct (APTA) and APTA Core Values for the Physical Therapist and Physical Therapist Assistant.
- 7B2** Provide learning experiences to develop service and leadership skills and abilities that address the following:
- Legislative and political advocacy.
 - Community collaboration.
 - Health care disparity.
- 7B3** Practice within the legal framework of one's jurisdiction(s) and relevant federal and state requirements.

Evidence of Compliance for Elements 7B1-7B3

Narrative:

- Describe where and how the physical therapist assistant technical curriculum includes content and learning experiences in ethics, values, responsibilities, service, and leadership in the ever-changing health care environment.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 7C** The physical therapist assistant technical curriculum provides learning experiences in lifelong learning, education, and health care disparities in the ever-changing health care environment.
- 7C1** Provide learning experiences in contemporary physical therapy knowledge and practice including:
- Evidence-informed practice.*
 - Interpretation of statistical evidence.
 - Clinical reasoning and decision making.

(Adopted 10/31/2023)

- 7C2** Provide teaching and learning experiences to improve skills and abilities to educate and communicate in a manner that meets the needs of the patient, caregivers, and other health care professionals.
- 7C3** Provide learning experiences that advance the students' understanding of health care disparities in relation to physical therapy.
- Recognize and adjust personal behavior to optimize inclusive and equitable patient care **across the lifespan, care environments, and conditions representative of those seen in practice.** ~~and patient care environments.~~

Evidence of Compliance

Narrative:

- Describe where and how the physical therapist assistant technical curriculum includes content and learning experiences in lifelong learning, teaching and learning, and health care disparities in the ever-changing health care environment.

Appendices and On-site Material: See Self-Study Report Instructions and Forms

- 7D** The physical therapist assistant technical curriculum includes content and learning experiences designed to prepare students to achieve educational outcomes required for entry-level practice of a physical therapist assistant in collaboration with, and under the direction and supervision of a physical therapist in the provision of physical therapy services in the ever-changing health care environment.

Evidence of Compliance

Narrative:

- Identify the sources that inform the decision-making process to determine curricular content as a whole, such as professional resources and organizations, stakeholder feedback, and networking.
- For each of the following 7D elements:
 - Describe where the content is presented in the curriculum and provide example(s) and descriptions(s) of the learning experiences that are designed to meet the practice expectations (i.e., describe where and how the content is taught throughout the curriculum).
 - Provide **two to five** examples of course objectives that demonstrate the progression to the highest expected level of student performance, including course **prefix and number, course name, objective number, and the full wording of the objective.** Include objectives from clinical education courses, if applicable.

Patient and Client Management

7D1 Demonstrate appropriate clinical decisions and actions throughout the implementation of the plan of care established by the physical therapist:

- Obtain and review current information from physical therapy documentation, health records, patients and clients, caregivers, and family members related to general health status, consults, prior and current level of function before carrying out the physical therapy plan of care.
- Recognize situations that require further clarification, supervision, or action by the supervising physical therapist.
- Determine when an intervention is inappropriate based on the review of current information and patient presentation.
- Select interventions as determined by the supervising physical therapist, that are based on clinical data, to achieve goals and intended outcomes.
- Modify, adjust, and discontinue interventions based on the patient response and clinical data in collaboration with the supervising physical therapist.
- Contribute to the discontinuation of the episode of care and follow-up planning as directed by the supervising physical therapist.
- Describe a patient's or client's impairments to body functions and structures, activity limitations, and participation restrictions according to the International Classification of Functioning, Disability and Health (ICF).

Test and Measures

7D2 Select and perform components of data collection using appropriate tests and measures to measure and monitor patient responses before, during, and following physical therapy interventions in the following:
