Available Slots for Review of PTA - Applications for Candidacy

CAPTE currently makes Candidate for Accreditation decisions two times per year (spring/fall) and will accept and review a maximum of four (4) PTA - Applications for Candidacy during a given cycle.

The acceptance of Applications for Candidacy will be based on the receipt date of the Developing Program Information Form. Developing Program Information Forms indicating the program's intent to submit in a cycle that has already met the cap will be rescheduled to the next available review cycle and planned student admission must be delayed accordingly. [See the *Rules of Practice and Procedure*, Part 7, for a detailed description of Candidacy Cycles and timelines.]

The remaining slots for the upcoming Candidacy Cycles are indicated in the table below.

NOTE: The accuracy of this table is not guaranteed. Contact staff to confirm the availability of cycles.
